

Presentation to Farm & Food Care Guelph, Ontario, Canada 18 June 2014

# 4R Nutrient Stewardship and Agricultural Sustainability

Tom Bruulsema, PhD, CCA Director, Northeast Region, North America Program

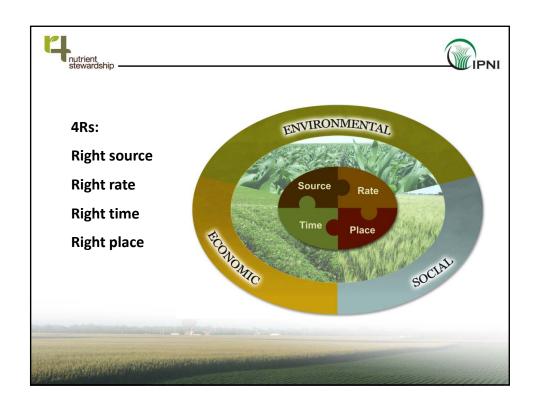

## **Outline – 4R sustainable farming**

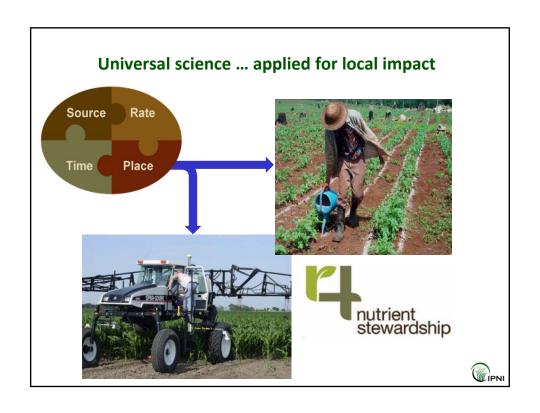

- 1. Concept
- 2. Examples of industry action
- 3. Collaboration opportunities
- Slides: available at http://nane.ipni.net

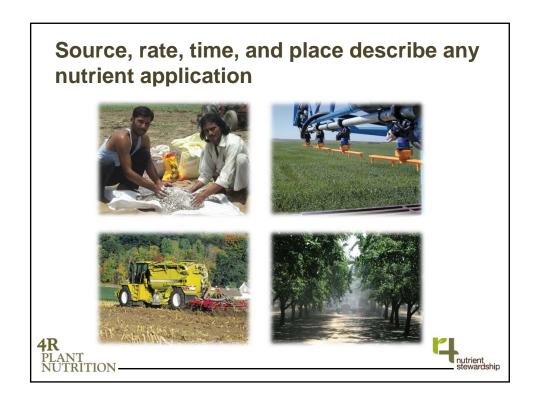

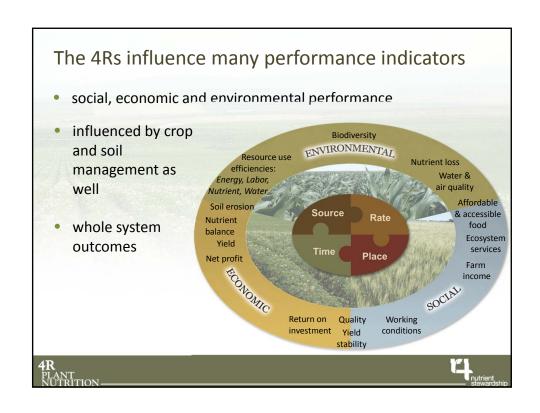

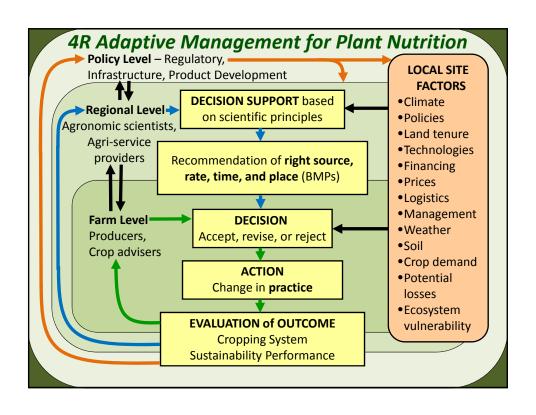

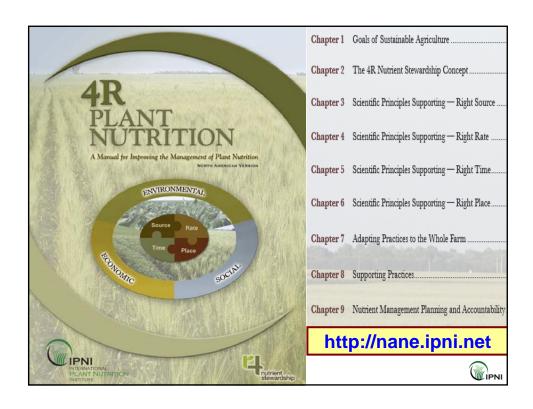

# **Modules and Case Studies for the 4R Plant Nutrition Manual**

Modules describe specific practices related to principles explained in the text of the 4R Plant Nutrition Manual.

**Module 5.3-2** Timing broadcast phosphorus fertilizer applications can help protect Lake Erie

**Module 6.3-1** Place phosphorus in the soil to protect water quality in Lake Erie

PLANT NUTRITION
Assert for the state of Flant for the state of Flant

## 4R Research Fund – *environmental, social, economic impacts of 4Rs on sustainability*

- \$7M over 5 years across North America
- **Meta-analyses:** Review and analysis projects.
- New Projects Measurement.
- Both to contribute measures of performance for 4R Nutrient Stewardship.
- For additional information: www.nutrientstewardship.com/funding

# Our Nutrient World

The challenge to produce more food and energy with less pollution

Prepared by the Global Partnership on Nutrient Management in collaboration with the International Nitrogen Initiative

- GPNM 2013, 128 pages
- Analysis of global N & P cycles
- Essential for food [fuel & fiber]
- Threats to WAGES
- Full-chain N use efficiency 8% [could be 16%?]
- Multiple definitions of crop NUE
- Deserves attention... and refinement

## **Public Consultation on Indicators for Sustainable Development Goals**

- Proposes two indicators related to nutrients:
  - Excessive loss of reactive
     N [and P] to the
     environment (in relation
     to planetary boundaries)
  - Crop N use efficiency (30% inc. by 2030 in countries with low NUE
- IPNI, IFA, and TFI submitted comments

### **4R Certification – Lake Erie Watershed**

- Rollout 18 March 2014 190+ agri-retail audience
- Over 50 agri-retail locations signed up for audit summer 2014
- Audit procedures from SCS Global

4R Nutrient Stewardship Certification Program Launched

http://4Rcertified.org/

# 4R Nutrient Stewardship Certification Standard

Requirements for Certification
For Nutrient Service Providers in the Lake Erie Watershed

Intro	duction
Α	Background
В	Scope
C	Goals
D	Structure and Implementation
E	Contact
Terms and Definitions	
References	
Standard – Requirements for First 3 Years	
1	Initial Training and Ongoing Education
2	Monitoring of 4R Implementation
3	Nutrient Recommendations and Application

Version 2.0 October 2013

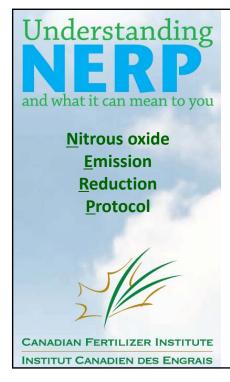

## Farming4RFuture.ca

- Farming 4R Climate (National) NERP
- Farming 4R Land (Alberta)
- Farming 4R Watershed (Ontario) partnering with GRCA
- Farming 4R Island (PEI) phosphorus and nitrate issues
- Farming 4R Manitoba KAP 4R Designation

**WIPNI** 

### **Benefits**

#### **Farmers**

• Offset credit for reduced GHGs

#### Industry

- Source of credits
- Quantification for sustainability

#### Government

- Tool to meet emission reduction targets
- ISO 14064-2 criteria for "real, measurable, additional, verifiable"
- Approved October 2010 by Alberta Environment

## **Summary**

- 1. The fertilizer industry plays an important role in food security; it keeps > half of humanity alive.
- 2. 4R Nutrient Stewardship is the industry's response to sustainability issues including food security, water, air and climate.
- 3. Real improvement in sustainability performance requires higher levels of partnership, research and communication.

## **Collaboration Opportunities – Ontario**

- 1. 4R demonstrations and case studies on-farm?
- 2. Joint 4R research?
- 3. Customize a 4R nutrient stewardship plan?
- 4. Designation/certification?
- 5. Ag retailers and/or Certified Crop Advisers role in performance indicator data aggregation?
- 6. University of Guelph Loblaw?
- 7. IPNI, CFI, OABA open to further discussions
